

STAFF REPORT ON PROPOSED LEGISLATION

To: Mayor Gavin Buckley
From: Beth Bellis, Harbormaster
Date: February 4, 2021
Subject: O-5-21: Tucker Street Launch Facility Procedures

This ordinance provides procedures for the use of Tucker Street launching facility, which is for use by Annapolis City residence only.

This ordinance amends Title 12 (Vehicles and Traffic) by specifying acceptable proofs of residency for issuance of Tucker Street launch permits.

The ordinance amends the City Code so that the launch regulations for Tucker Street move from Title 11 (Public Peace, Morals and Welfare) to Title 15 (Harbors and Waterfront Areas). Since the Harbormaster is already responsible to issue permits for the use of Tucker Street Launch, this change makes the Harbormaster capable of enforcing the launch regulations.

Harbormaster staff will be able to respond to these complaints as manpower and hours of operation permit.

This ordinance defines commercial activity as it pertains to Tucker Street boat launch for the purpose of preserving the ramp and surrounding areas for resident use and parking.
