Statement of interest – Why should you be appointed to this board/commission?

I believe that I could be an asset to the Civil Service Committee as I have the following experience and both the time and desire to become part of the Annapolis community.

Experience:

Executive management dealing with P&L issues, unions and employee and customer issues. I have overseen organizations of 1,000+ individuals with limited management levels.

Human Resources management experience handling all phases of HR needs including compensation, benefits and training.

Safety Training and Consulting - Numerous years of safety training and field safety audits have provided me with a clear insight as to what working conditions exist in multiple areas. This will allow me to clearly review issues handled by the Committee.
