Legislation Title: Alcoholic Beverages – Refillable Container License

Description: For the purpose of adding Class E to those classes of license holders currently authorized to sell draft beer in refillable containers.

Analysis of Fiscal Impact: This legislation would allow the Alcohol Beverage Control Board to issue Class E license holders a class of license that authorizes refillable containers. The City's Class E licenses are issued to hotels and authorizes the sale of alcoholic beverages. Accompanying this legislation is Resolution 25-16, which requires the applicant pay an annual license fee of \$50 if the applicant already has an off-sale privilege or \$500 if the applicant does not already have that privilege.
