O-37-15

Repealing Fifteen-Minute Parking on Northwest Street

FOR the purpose of repealing the fifteen-minute parking limit on portions of Northwest Street adjacent to the old Post Office.

The Annapolis City Council created fifteen-minute parking spaces on a portion of Northwest Street to support the United States Post Office on Church Circle. The downtown branch of the United States Post Office recently moved from Church Circle to 60 West Street. Fifteen-minute metered parking spaces are available adjacent to the Post Office in its new location.

The Annapolis City Council finds that dedicated fifteen-minute parking on Northwest Street is no longer necessary. Pursuant to Chapter 12.24 of the Code of the City of Annapolis, the Director of Public Works, with the concurrence of the Mayor and the Alderman of Ward One, intends to establish a metered parking zone on the portion of Northwest Street presently occupied by fifteen-minute parking.
