City Council Citation

On behalf of the residents of the City of Annapolis, we present this City Council Citation to Save Our Trees in recognition of your outstanding commitment to protecting and restoring the natural beauty of our public parks and open spaces. Through the hard work and dedication of your volunteers, Save Our Trees has become a powerful force for good—connecting people to the land, to one another, and to a shared vision of environmental stewardship. By removing invasive species that threaten the health of our native trees, your organization is helping to preserve the very landscape that defines Annapolis. Your efforts exemplify how grassroots action can lead to meaningful, visible change. You are not only improving the ecology of our parks, but also inspiring others to get involved, to care deeply, and to take pride in the green spaces we all share. We thank you for your passion, your persistence, and your partnership in keeping Annapolis beautiful, resilient, and rooted in community.
