**Statement of interest – Why should you be appointed to this board/commission?**

I am currently a member of Save Our Trees - a group of citizens, neighbors and friends who came together in the Spring of 2022 to address the significant problem of ivy and other invasives strangling our trees in Annapolis and Anne Arundel County. I became interested in Save Our Trees through my candidacy in the Anne Arundel County Watershed Stewards program and my focus on invasives. My interest in Save Our Trees and Watershed Stewards Academy was generated by overall interest in the environment. I am keenly interested in being involved in initiatives that can improve the quality of the environment in Annapolis and Anne Arundel County. Serving on the Annapolis Environmental Commission would allow me to give back to our beautiful Annapolis community while helping to improve and protect our natural resources that are so precious to us all.
