

STAFF REPORT ON PROPOSED LEGISLATION

To: Mayor Gavin Buckley

From: Michael Mallinoff, City Manager

Date: April 1, 2024

Subject: R-12-24: Designating an Honorary Street Name to Commemorate Alpha Phi Alpha Fraternity

Purpose of legislation

The purpose of this legislation is to commemorate Alpha Phi Alpha Fraternity, Inc., and its work in the City of Annapolis by the honorary designation of Franklin Street from Church Circle to Cathedral Street as "Alpha Phi Alpha Way".

Impact of legislation on operations

The designation of this section of Franklin Street will require review by the Heritage Commission and the Planning Commission, both of which will require some minor staff time to support. The Department Public Works will also then need to have the sign itself made and installed. This legislation is not expected to have any ongoing operational impacts.

Impact of legislation on staffing

The actions needed for this legislation are expected to fit within the available staff time and should not require any additional staff to accomplish.

Prepared by Victoria Buckland, Assistant City Manager
