On behalf of the residents of The City Of Annapolis, we present the City Council citation in recognition of your participation in the Adopt a Community Program. Education and transformation are the goals of John Wesley's work in Bay Ridge Gardens. The congregation worked in Bay Ridge Gardens for many years, long before the inception of the Adopt a Community Program. Actually, it was their program that was the impetus behind the creation of our Adopt a Community Program. The programming, for both youth and adults, is varied from issues related to behavior modification, diversion programs, lease compliance, good housekeeping, and financial literacy. They exposed young and old alike to historical locations in and around Annapolis such as the naval Academy and Banneker Douglass Tubman Museum. They traveled to the Blacks in Wax Museum, the Harriet Tubman Museum, the Frederick Douglas Museum, and the Smithsonian museums. We commend you for your dedication and commitment to the lives of all residents in The City Of Annapolis.
