MURRAY HILL  
~~50~~ 51 + 5 = 56

ANNAPOLIS  
54 + 9 = 63

TOTAL 165

Annapolis - ward one

**PETITION**

**Rationale:** Residents of Uptown at Murray Hill are located in the MX Zoning District even though the development is entirely residential and all commercial use is prohibited. Because of the MX zoning those residents are prohibited from purchasing a Parking District 3 permit and face constant and escalating parking violation fines for parking in front of their homes and on adjoining streets. Those residents are further prohibited from purchasing guest/visitor passes and are therefore unable to have guests park and visit for longer than two hours during restricted parking times. As the streets adjacent to this development offer ample unused parking during restricted parking hours there is no reason to prohibit those residents from purchasing Zone 3 Parking permits.

As resident taxpayers, the residents of Uptown at Murray Hill deserve to be provided equal access to parking in the Zone 3 Parking District as are other residents of the district.

**Petition:** We, the undersigned residents of Uptown at Murray Hill as well as other residents of the City of Annapolis request that the City of Annapolis amend the City Code Chapter 12.32.170 to permit residents of Uptown at Murray Hill to purchase Zone 3 Parking permits and guest/visitor passes.

## PETITION

**Rationale:** Residents of Uptown at Murray Hill are located in the MX Zoning District even though the development is entirely residential and all commercial use is prohibited. Because of the MX zoning those residents are prohibited from purchasing a Parking District 3 permit and face constant and escalating parking violation fines for parking in front of their homes and on adjoining streets. Those residents are further prohibited from purchasing guest/visitor passes and are therefore unable to have guests park and visit for longer than two hours during restricted parking times. As the streets adjacent to this development offer ample unused parking during restricted parking hours there is no reason to prohibit those residents from purchasing Zone 3 Parking permits.

As resident taxpayers, the residents of Uptown at Murray Hill deserve to be provided equal access to parking in the Zone 3 Parking District as are other residents of the district.

**Petition:** We, the undersigned residents of Uptown at Murray Hill as well as other residents of the City of Annapolis request that the City of Annapolis amend the City Code Chapter 12.32.170 to permit residents of Uptown at Murray Hill to purchase Zone 3 Parking permits and guest/visitor passes.

Good afternoon friends and neighbors.

I am writing to ask for your support regarding an Annapolis City parking matter that negatively affects my family and neighbors on a daily basis.

I live in the Uptown at Murray Hill neighborhood, which is part of the greater Murray Hill neighborhood in downtown Annapolis, just off West Street, near Miss Shirley's restaurant.

My community has a parking issue and after three years of pressing the City of Annapolis to address the matter we finally and quite unexpectedly, have an opportunity to resolve the matter with the passing of an amendment by the Annapolis City Council.

I have attached the full petition for your review. The short version is the city approved the building of thirty homes with the zoning classification of mixed use instead of residential. Mixed use zoning prohibits residents from obtaining city parking passes for themselves and guests. My neighbors and I have not been allowed to legally park on the streets surrounding our homes for a time exceeding two hours, weekdays between the hours of 8AM - 6PM. We have been ticketed and towed for simply wanting to park in front of our homes.

The amendment that is being reviewed **this evening** by the Annapolis Parking Commission addresses this matter by allowing the residents of Uptown at Murray Hill the ability to purchase Zone 3, residential and guest parking passes.

This is HUGE!!!

I hope you will take a moment to review the attachment and if you are

willing to support our efforts to pass this amendment please reply to this email and fill out the requested information below.

Thank you for your time and support.

Sincerely,  
Matt Barry
