Statement of interest – Why should you be appointed to this board/commission?

I am chairperson of the grassroots organization Concerned Citizens for Successful Students. We advocate for parents and students who do not have a voice. We meet with teachers and school personnel about their academic success. We attend meetings to inform the parents and students about updates and status of educational issues pertaining to school and community.

In the community I assist parents as needed for transportation for various reasons (such as trips to grocery stores, doctor appointments, etc).

As an advocate I try to address the needs of education so that all children have a chance to become healthy and successful adults.
