Fence Permit Requirements Related to Use and Development Standards in the City Zoning Code, Title 21

For the purpose of creating additional standards related to home fencing along forests and open spaces; clarifying undue obstructions related to fencing; stating Council preference for extra consideration regarding fences on an up-slope; and generally related to fence regulation in Title 21.

CITY COUNCIL OF THE
City of Annapolis

Ordinance 30-24

Introduced by: Alderman Savidge

Referred to:

Planning Commission
Rules and City Government Committee

AN ORDINANCE concerning

**Fencing Requirements for Permits Related to Use and Development Standards
in the City Zoning Code, Title 21**

FOR the purpose of creating additional standards related to home fencing along forests and open spaces; clarifying undue obstructions related to fencing; stating Council preference for extra consideration regarding fences on an up-slope; and generally related to fence regulation in Title 21.

BY repealing and reenacting with amendments the following portions of the Code of the City of Annapolis, 2024 Edition:
21.60.070

SECTION I: BE IT ESTABLISHED AND ORDAINED BY THE ANNAPOLIS CITY COUNCIL that the Code of the City of Annapolis shall be amended to read as follows:

Title 21 - PLANNING AND ZONING
Division V - Regulation of General Applicability

Section 21.60.070 - Fences and walls.

Fences and walls as defined by this Title may be erected, placed, maintained, altered or replaced pursuant to a permit issued in accordance with Section 17.34.010 of the Annapolis City Code. The following additional standards apply:

- A. ~~If located within the historic district as defined in this Title, all proposed new fences and walls, and all proposed alterations to existing fences and walls, require the review and approval of the Historic Preservation Commission. The Historic Preservation Commission has the authority to grant a waiver or exemption, if necessary, in order to comply with the Historic Preservation Commission Design Guidelines and the Secretary of the Interior's Standards for Rehabilitation.~~
- B. ~~Fences and walls may be installed up to, but not over the property line. It is the responsibility of the property owner to ensure that the proposed fence or wall is not installed on the property of others. All property line disputes are between abutting property owners, and they shall not seek or have any remedy against the City.~~
- C. ~~Within required bufferyards adjacent to public streets, to the extent practical in order to achieve proper screening, fences and walls shall be located towards the interior edge of the landscape buffer, rather than at the edge of the public right-of-way.~~
- D. ~~Except as permitted by this Title, fences and walls shall not obstruct view cones or sight visibility triangles.~~
 - 1. Privacy fences or other fences with less than two inches gap between boards, excluding lattice-type fencing, shall not be installed along areas that are backed on one side, the applicant's side, by forests or open space that does not have homes located on or within 50 feet of the fence.
 - 2. Undue obstructions could include, but are not limited to, fences that are over four feet tall that include no lattice or have gaps smaller than two inches between boards, that are proposed to be located within 10 feet of a neighboring property's rear windows or that are backing undeveloped forest.
 - 3. Fences located on up-slopes behind homes may be more obstructive to light and air and should be modified as needed to alleviate this issue, especially when there are no homes on the applicant's side of the fence.

Explanation:

Strikethrough indicates matter stricken from existing law.

Underlining indicates a change to the City Code.

Underlining & black - copyediting or reformatting of existing Code section

Underlining & red - new matter added to the code.

Underlining & blue - amendment

- ~~E. Fences and walls shall not be located to unduly obstruct light and air from neighboring properties or public ways.~~
- ~~F. The overall design and materials used for fences and walls shall be in keeping with the character and purpose for which the fence or wall is intended, and shall be compatible with other similar structures in the neighborhood.~~
- ~~G. All fences and walls shall be installed with the finished side facing out, so that posts and lateral supports are not on the side of the fence or wall which faces an adjacent property or public right of way, unless such supporting members are exposed on both sides due to the specific design of the fence or wall. Where there are practical difficulties, such as the particular physical surroundings, shape, or topographical conditions of the specific property or other existing conditions where strict compliance with the standard is unreasonable, the Director of Planning and Zoning may waive this requirement.~~
- ~~H. Except in connection with penal and correctional institutions and public utility and service uses, no fence or wall shall consist, in whole or in part, of barbed wire or similar materials designed or customarily utilized to inflict injury upon persons or animals.~~
- ~~I. Standard Maximum Height.~~
 - ~~1. A. On properties within the R2-NC, R3-NC and R3-NC2 Residential Neighborhood Conservation Districts, the maximum height of a fence or wall shall be six feet, unless the fence or wall is located along a public street, in which case the maximum height of the fence or wall shall not exceed four feet.~~
 - ~~B. The height limits in Subsection (I)(1) of this section shall also apply to properties within the WME and WMM Maritime Districts as well as the OCD Overlay District, only when a fence or wall is located along a lot line or public street that is contiguous with an adjacent property in the R2-NC District.~~
 - ~~2. Fences and walls shall not be considered as being located along a public street if they otherwise meet the same minimum front and corner-side yard setbacks that would be required for the principal structure on the subject property in the zoning district in which the fence or wall is located.~~
- ~~J. Allowance for Additional Height.~~
 - ~~1. Up to two additional feet of height is allowed for decorative gates which do not exceed twenty-five feet in width for vehicular gates, or eight feet in width for pedestrian gates.~~
 - ~~2. In accordance with the procedures for Administrative Adjustments set forth in Chapter 21.18, the Planning and Zoning Director may permit certain fences~~

Underlining & blue - amendment

and walls an additional height allowance of up to four feet above the standard maximum height limit established by this section.

3. ~~In addition to the review criteria in Section 21.18.040, the Director of Planning and Zoning shall make additional written findings based on the following:~~
 - a. ~~The subject fence or wall will be compatible with other similar structures in the neighborhood and is required to mitigate impacts from adjacent land uses, the subject property's proximity to public rights-of-way, or safety concerns.~~
 - b. ~~Within the intent and purpose of this Zoning Code, the proposed additional fence or wall height, if granted, is the minimum adjustment necessary to afford relief.~~
- K. ~~Notwithstanding the height limitations in this section, temporary fences and walls, incidental to construction on or development of the premises on which the temporary fences and walls are located, shall be permitted during the time construction or development is actively underway.~~
- L. ~~Lawfully existing fences and walls that do not conform to the bulk or other development or design standards for the district in which the fence or wall is located may be continued, if properly repaired and maintained as provided in Chapter 21.68, Nonconforming Uses and Structures. Nonconforming fences and walls which are structurally altered, relocated, or replaced shall comply immediately with all provisions of this Title.~~

A. Generally. Fences and walls as defined by this Title may be erected, placed, maintained, altered or replaced pursuant to a permit issued in accordance with § 17.34.010, Fence and Wall Permit Requirements.

B. Additional Standards. The following additional standards apply:

1. Historic District.

- a. If located within the historic district as defined in this Title, all proposed new fences and walls and all proposed alterations to existing fences and walls require the review and approval of the Historic Preservation Commission.
- b. The Historic Preservation Commission has the authority to grant a waiver or exemption, if necessary, to comply with the Historic Preservation Commission Design Guidelines and the Secretary of the Interior's Standards for Rehabilitation.

2. Property Lines.

- a. Fences and walls may be installed up to, but not over, the property line.

unreasonable, the Director of Planning and Zoning may waive this requirement.

8. **Barbed Wire.** Except in connection with penal and correctional institutions and public utility and service uses, no fence or wall shall consist, in whole or in part, of barbed wire or similar materials designed or customarily utilized to inflict injury upon persons or animals.

9. **Standard Maximum Height.**

- a. On properties within the R2-NC, R3-NC and R3-NC2 Residential Neighborhood Conservation Districts, if the fence or wall is located along a public street, the maximum height of the fence or wall shall not exceed four feet.
- b. On properties within the WME and WMM Maritime Districts as well as the OCD Overlay Districts, the height limits in this section shall apply only when a fence or wall is located along a lot line or public street contiguous with an adjacent property in the R2-NC District.
- c. Fences and walls shall not be considered as being located along a public street if they otherwise meet the same minimum front and corner-side yard setbacks that would be required for the principal structure on the subject property in the zoning district in which the fence or wall is located.

10. **Allowance for Additional Height.**

- a. Up to two additional feet of height is allowed for decorative gates that do not exceed 25 feet in width for vehicular gates or eight feet in width for pedestrian gates.
- b. In accordance with the procedures for Administrative Adjustments set forth in Chapter 21.18, the Director of Planning and Zoning may permit certain fences and walls an additional height allowance of up to four feet above the standard maximum height limit established by this section.
- c. In addition to the review criteria in § 21.18.040, the Director of Planning and Zoning shall make additional written findings based on the following:
 - i. The subject fence or wall will be compatible with similar structures in the neighborhood and is required to mitigate impacts from adjacent land uses, the subject property's proximity to public rights-of-way, or safety concerns.

- ii. Within the intent and purpose of this Zoning Code, the proposed additional fence or wall height, if granted, is the minimum adjustment necessary to afford relief.

11. Temporary Fences. Notwithstanding the height limitations in this section, temporary fences and walls, incidental to construction on or development of the premises on which the temporary fences and walls are located, shall be permitted during the time construction or development is actively underway.

12. Unconventional Fences.

- a. Lawfully existing fences and walls that do not conform to the bulk or other development or design standards for the district in which the fence or wall is located may be continued if adequately repaired and maintained as provided in Chapter 21.68, Nonconforming Uses and Structures.
- b. Nonconforming fences and walls that are structurally altered, relocated, or replaced shall comply immediately with all provisions of this Title.

City Code Title 21 - PLANNING AND ZONING
Division VI - General Terms and Rules of Measurement
Chapter 21.72 - Terms and Definitions

Section 21.72.020 - Terms

Strike the definition for "Forest" and insert the following:

"Forest" means a biological community dominated by trees and other woody plants, and that has at least one hundred live trees per acre, with at least 50% of those trees having a two-inch or greater diameter at four and one-half feet above the ground and larger.

SECTION II: AND BE IT FURTHER ESTABLISHED AND ORDAINED BY THE ANNAPOLIS CITY COUNCIL that this ordinance:

1. Shall take effect upon passage; and
2. Apply to all projects and applications without final approval from the Department.
