Benjamin N. Sale

204 South Cherry Grove Ave.
Annapolis, Maryland 21401
bensale98@gmail.com
Annapolis 3rd ward

Family:

- Margaret (wife), Megan, Benjamin, and Josephine

EDUCATION:

B.S. Civil Engineering, University of Mississippi, May 1998.
National Council of Examiners for Engineering and Surveying (NCEES), EIT.
Management, Finance, and Economics studies. University of New Orleans Graduate School
Wyle Aerospace Corporate Management Leadership Course, graduate.

WORK EXPERIENCE:

Private Real Estate Investment and Management. 1998 to present.

- Managed additions to and refurbishing of investment properties and structures in Annapolis and the state of Nevada. Complete rebuilding of damaged properties and returned to rental markets in Louisiana and Mississippi. Created building design packages to code. Managed permitting, rezoning, and the construction process utilizing multiple contract professionals.
- Actively managed both residential and corporate investment properties with private and corporate entities including advertising, lease negotiation, evictions, maintenance, finance, and budgeting.
- Executive consultant to the Board of Directors of Francis A. Quinette Realty Co. Negotiated and managed mineral resource exploitation leases on corporate property with land managers and exploration organizations.
- Familiarity with International and National building and fire codes: IBC, IRC, IECC, IEBC, IMC, NEC, IPMC, NFPA, and Annapolis Zoning Code.

Control Zone Solutions Inc. U.S. Organizational Safety Training Jun 2012 to present.

- Organizational Safety and Management Instructor in the petroleum and bulk transport services industry. Instructed multiple groups of mid-level management and direct operations employees in the benefits and aspects of organizational safety. Integrated Corporate Engineering and United States Government processes and policies into existing business safety construct, to aid in redefining safety goals and parameters for improved safety and management results.

Wyle Aerospace Inc. Maryland. Foreign Military Sales and Advanced Development
Feb 2007 to present.

- Configuration Manager and Systems Engineering Consultant for the Defense Department's Foreign Military Sales Israeli F-35 development program. Responsible for the coordinated integration and tracking of systems engineering and safety related modifications to the F-35 aircraft design.
- Engineering Program Manager for Aerospace Systems Engineering for the Taiwan and France E-2C Programs. Responsible for the Coordinated engineering modifications and sustainment to E-2C aircraft in conjunction with the France Ministry of Defense, Taiwan Ministry of Defense, United States Government, U.S. corporations, and multi-national corporations. Negotiated and managed contractual obligations to ensure completion to specification, cost, and schedule for over \$200 million in foreign support contracts.
- Foreign Military Sales (FMS) Aircrew Training Manager: Responsible for developing new business and meeting existing contractual obligations in regards to aircrew instruction for the United States Navy, Taiwan, Egypt, France, and Japan. Managed a corporate group of aircraft experts and instructors that instructed aircrew on new system implementations and weapons system employment around the world.
- Advanced development engineering and design. Responsible for the integration and implementation of existing and new weapons systems in the advanced development area in support of the United States Department of Defense.

U.S. Navy Reserve, E-2C Naval Flight Officer, multiple locations. May 1998 to present

- Attended TOPGUN Weapons School. Master Navy Tactics Instructor. Listed duties involved in depth personal instruction with aviators from Navy, Army, Air Force, NATO, and other international entities. Managed the planning and execution of large force exercises with joint and foreign units internationally.
- Naval Flight Officer. Aircrew member in F-16, F-18, and E-2C aircraft. Responsible for operating the aircraft weapons system on flights supporting counter Narcotics and anti-terrorism missions around the world from 1998-2013. Flew the initial Afghanistan combat missions in response to the September 11th attacks, 2001.
- Squadron Maintenance and Training Department Head. Responsible for the management of over 70 department personnel from both the U.S. Navy and Northrop Grumman Corporation. Managed the maintenance budget, contractual negotiation issues, and operational maintenance support for a 6 aircraft fleet worth over \$500 million.

Mississippi Highway Pavement Engineering Projects. Oxford, Mississippi. 1997-1998

- Assisted in the research, design, and test of new highway construction materials and methods for the State of Mississippi department of Transportation. Participated in the development of interstate highway and bridge structure materials to meet or exceed existing code and design requirements.
