

## STAFF REPORT ON PROPOSED LEGISLATION

---

To: Mayor Gavin Buckley

From: Michael Mallinoff, City Manager

Date: September 24, 2024

Subject: O-17-24: ELECTIONS - Definitions

---

### **Purpose of legislation**

The purpose of this legislation is to update the definitions in Title 4, Elections.

### **Impact of legislation on operations**

This legislation is one of four that updates the Elections portions of the City Code per recommendations made by the Elections Board. This ordinance deals with the definitions section of Code and adds a number of definitions that were missing from the Code and makes some minor changes for readability. These definitions do not directly change operations, but they do provide a common framework for talking about elections, their components, and the people involved in them.

### **Impact of legislation on staffing**

This legislation does not directly impact staffing.

*Prepared by Victoria Buckland, Assistant City Manager*
