# Resolution R-33-14

Alan J. Hyatt, Esquire ✓  
Hyatt & Weber, P.A.  
200 Westgate Circle, Suite 500  
Annapolis, Maryland 21401

**Resolution 33-14**

*Vehicular Access to and Internal Roadways within Certain Property adjacent to Aris T. Allen Boulevard*

**1. What Resolution 33-14 would accomplish**

<p><b>10+ year-old Council restrictions prohibit a direct connection between the "Aris T. Allen" or "Rocky Gorge" property and Aris T. Allen Boulevard</b></p>	<p>The restrictions presumed the imminent construction of the Forest Drive Relief Road to provide vehicular access to the property in addition to the Yawl Road connection.</p>
<p><b>48-unit project, the "Aris T. Allen" or "Rocky Gorge" planned development, will route all traffic through the Oxford Landing neighborhood</b></p>	<p>The project is approved and under construction. Because of the access restrictions, the current plan sends all vehicular traffic through Oxford Landing via Yawl Road and down Bywater Road to Forest Drive and Aris T. Allen Boulevard. The City has abandoned the Relief Road concept, so there is no secondary access.</p>
<p><b>R-33-14 is "enabling legislation" that would allow the property owner to propose an alternative access</b></p>	<p>The resolution would lift the Aris T. Allen access restrictions. The resolution would <u>not</u> approve an access modification.</p>
<p><b>Any alternative access proposal would be subject to full administrative review</b></p>	<p>If R-33-14 is passed, any subsequent proposed access modification would be subject to extensive review and would require at a minimum:</p> <ul style="list-style-type: none"> <li>• development application to DPZ,</li> <li>• agency review,</li> <li>• traffic impact study,</li> <li>• public notification and posting of the property,</li> <li>• public hearing before and decision by the Planning Commission, and</li> <li>• approval of the pending application by the State Highway Administration.</li> </ul>

**2. Proposed amendments to Resolution 33-14**

To address concerns raised by residents of Oxford Landing and the preferences of the property owner, it is recommended that R-33-14 be amended. A revised version of the bill was developed by the owner and Oxford Landing in April 2015. That version could be utilized. Otherwise, the owner believes the material changes in the revised version would be captured by inserting at Page 4, in line 11, the following language:

**AND BE IT FURTHER RESOLVED BY THE ANNAPOLIS CITY COUNCIL that any application filed with the State Highway Administration or with the City Planning Commission to modify the vehicular access to and from the Planned Development with an Aris T. Allen Boulevard connection shall propose (a) that the Aris T. Allen Boulevard connection shall be a "right-in/right-out" access with no median crossover, and (b) that, if such Aris T. Allen Boulevard connection is ultimately approved, the Planned Development's vehicular connection to Yawl Road shall correspondingly be closed except for the passage of emergency vehicles.**
