

Zeta Gamma Foundation
11 July 2024

Zeta Gamma Foundation is grateful for the investment of the Annapolis City Government.

Zeta Gamma Foundation working with the Co-Advisors of the Black Student Union at Annapolis High School assisted in the taking of 50 students on a journey to New York City on May 29th to see the historical remake of a timeless classic The Wiz on Broadway. Students were able to explore the sights and sounds of Times Square as well as engage in an educational talk arranged by Zeta Gamma Foundation with working professional actors. This experience was made possible by the support of The Office of Equity at Anne Arundel County Public Schools and the Zeta Gamma Foundation.

Zeta Gamma Foundation is utilizing the remainder of the Grant for SAT preparation for approximately 20 students of the AVID and BSU at Annapolis High School. The program runs weekly with in person sessions on Tuesdays and virtual drop in sessions on Thursdays. One on one virtually with the instructors is provided weekly as needed. The program began on June 18th with a Parent/Student introductory session. The program runs weekly from June 18th to August 13th. Student Scholars will take the SAT on August 24th. Zeta Gamma's goal is to show a significant improvement over the SAT scores of the Scholars taken during the previous school year. We are tracking those scores and plan to assess percentage improvement for those Scholars. As a celebration of completion of the program and taking of the SAT exam, Zeta Gamma plans to host an outing to see a Baltimore Orioles game shortly before or after the SAT exam date.

Respectfully Submitted,
John C. Dove, Jr. -Zeta Gamma SAC
