

FISCAL IMPACT NOTE

Resolution: R-7-22

Title: An Emergency Declaration Concerning Pollution Discharges

Date: February 1, 2022

This resolution declares that any pollution discharged from a construction site is prohibited by the Annapolis City Code and the Maryland Department of the Environment (MDE) sediment and erosion control standards and regulations, and affirming the imposition of stricter enforcement of City Code provisions by City staff for such violations, particularly greater and swifter use of citations and stop work orders. We anticipate that this will result in more fines, however, we are unable to determine the fiscal impact as we are unsure how many more fines will be issued.
