2/27/17
CCM

My name is Harold Sherman.

I am the initiator and principal contributor for the website Eastport Defined.

Eastport has NOT been designated as a "growth opportunity" area in our City of Annapolis Comprehensive Plan. Yet we are clearly being targeted for growth by developers.

Please, do not allow developers to build the massive residential apartment complex currently being considered for the Eastport Shopping Center. In the near future, additional apartments are going to be proposed at nearby Watergate Village. To allow 120 or more apartment units in the Eastport Shopping Center will kill any chance we have of attracting retail opportunities that would improve our quality of life.

The traffic study for this project is woefully inadequate. It omitted important data, including the fact that we have a drawbridge that opens every half hour for 8 months of the year.

ALSO, the traffic study did not take into consideration the 5 residential projects which will directly impact traffic flow in Eastport. Among other significant issues, 522 parking spaces are legally required for the Shopping Center, which assumes 1.4 cars per unit. Not addressed by the traffic study. Many other problems exist. They are too numerous to detail here.

We are not against growth in Eastport. However, we must be thoughtful about it, rather than reactionary.

Please make sure the Planning Director does NOT recommend this project for approval by the Planning Commission.

At this point, more than 300 of our neighbors have signed the petition!!
