Radio Control Sailing Instruction and Races

# OUR FLEET

**Beneteau First 22A's (A for Adaptive)**

**Gemini Freestyle Power Catamaran**

**Martin 16 with sip & puff steering**

**Sea Pro center console**

# WHAT CRAB MEANS TO OUR GUESTS

Guests receive a hands-on sailing experience.

Guests can have family or friends aboard and learn to sail as a team.

Guests can learn sailboat racing against other persons with disabilities or able-bodied sailors.

*“Thank you for taking me the farthest I have ever been from my wheelchair and the memory of the accident that put me in it.”*

# CAMPS FOR YOUTH

CRAB is requesting support from the City of Annapolis to support its Youth Sailing Camps in collaboration with the City Police Department

CRAB provides sailing instruction to students aged 8-17 from underserved communities with Resource Officers through floating classrooms where they learn to steer the boat, adjust the sails, be safe on the water, and develop racing strategies in a collaborative environment.

Our program helps to develop positive and trusting relationships between the students and Resource Officers as they learn how to sail as a team.

# HOW WE DO IT

**Private Donations** – Private donors are individuals who understand and want to support CRAB's mission and impact. The majority of CRAB's operating budget comes from the generosity of these wonderful folks.

**Grants** – CRAB seeks funding from private foundations that offer grants to support Adaptive Programming in the Chesapeake Bay Region.

**Sponsorships** – CRAB has corporate sponsorship opportunities at many different levels. Sponsors can support CRAB programs or target their gifts to meet a specific need. Many sponsors qualify to be included in CRAB's public communications – including press relations, social media campaigns, newsletters, email updates, and website posts.

**Support from the Community** – CRAB seeks support from the community in the form of in-kind donations, volunteering and advocacy.
