

R-2-17
City of Annapolis Police and Fire Retirement Plan
Appendix C Amendment

Staff Report

The City of Annapolis Police and Fire Retirement Plan Document and its appendices were adopted by the City Council on September 21, 2015. In accordance with City Code Section 3.36.010 any amendment to the plan document must be approved by the City Council by resolution.

By request of the Fire Chief and concurrence with Firefighter Union Local 1926 the Fire members of the pension plan desire to offer renewal years for an additional fourth and fifth year enrollment in the Deferred Retirement Option Program available to sworn members of the Police and Fire. This request has been made due to operational and practical benefits of allowing current enrollees to continue to provide their expertise in the Fire Service.
