City Council Citation

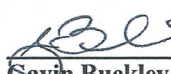

On behalf of the residents of the City of Annapolis, we are pleased to confer upon you this City Council Citation in recognition of your work as a valued team member of the Department of Public Works. Tonight we want to recognize your dedication and highlight a specific instance of that commitment. On Sunday, December 31, 2023, while many of our residents were preparing to ring in the year 2024, a burst pipe and sewage leak in Ward 7 required you to work to repair the break, contain the leakage, and clean up the spill. Due to your hard work, your team was able to limit the damage, protecting residents, public health and the environment. We know that time away from family on important occasions is part of the job, but in this instance, the work can be classified as above and beyond. We thank you and we thank your families for sharing you and your talents on New Year's Eve - and every day!
