

FISCAL IMPACT NOTE

Ordinance: O-17-25

Title: Limiting Short-term Rentals per Blockface

Date: July 9, 2025

This ordinance limits the number of short-term rentals in the City to 10% of the residences in a blockface. The revenue generated per household is indeterminable due to the variability of rental income. Additionally, due to the uncertainty regarding the residences who may provide a short-term rental, we are unable to provide an estimate of the fiscal impact at this time.
