# MILITARY BOWL MORE THAN A GAME

The Military Bowl and our partners focus on supporting active duty military and veterans by showing appreciation for their service to our country through programming, outreach efforts, ceremonial moments and special experiences. From around the country, across the DMV and as valued employees of our sponsor partners, members of the military immediately sense how the Military Bowl is "more than a game."

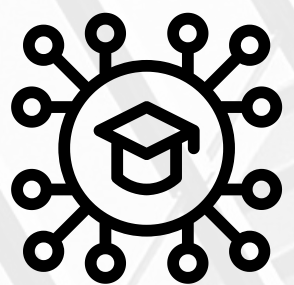

## VALUES-DRIVEN INITIATIVES

### **Tickets for Troops:**

In partnership with the USO and our sponsors, the Military Bowl provides thousands of tickets to the active duty military community as well as to veterans through VetTix.

### **STEM Scholar Athlete:**

Social media-driven recognition initiative to honor one football player at each member university of the ACC and the American Athletic Conferences – our partner conferences. These players are studying STEM (science, technology, engineering, math) subjects and/or aspire to STEM careers. The athletes from the two universities participating in the Military Bowl are recognized at the game in an on-field ceremony and receive a donation to the school's scholarship program.

### **Volunteers**

Employees especially from veterans ERGs participate in the Military Bowl as valued volunteers included the coveted opportunity to unfurl the giant 100 yard flag.

### **Charitable Affiliations**

The Military Bowl has traditionally supported the USO and aligns with the preferred community organization of our presenting sponsor. Unparalleled visibility is available to this organization through valued on-field logo placements, promotional exposure, supporter engagement and other benefits.

### **Networking**

Our Presenting Sponsor will have opportunity to network with leaders from the Federal space and our active and mission focused Foundation Board featuring respected professionals from the fields of law, sports/entertainment, defense, finance and real estate. The Bowl offers a unique space to meet and engage Medal of Honor recipients; military leaders; government representatives; Touchdown Club members; and executives from other sponsors.

### **Community Outreach**

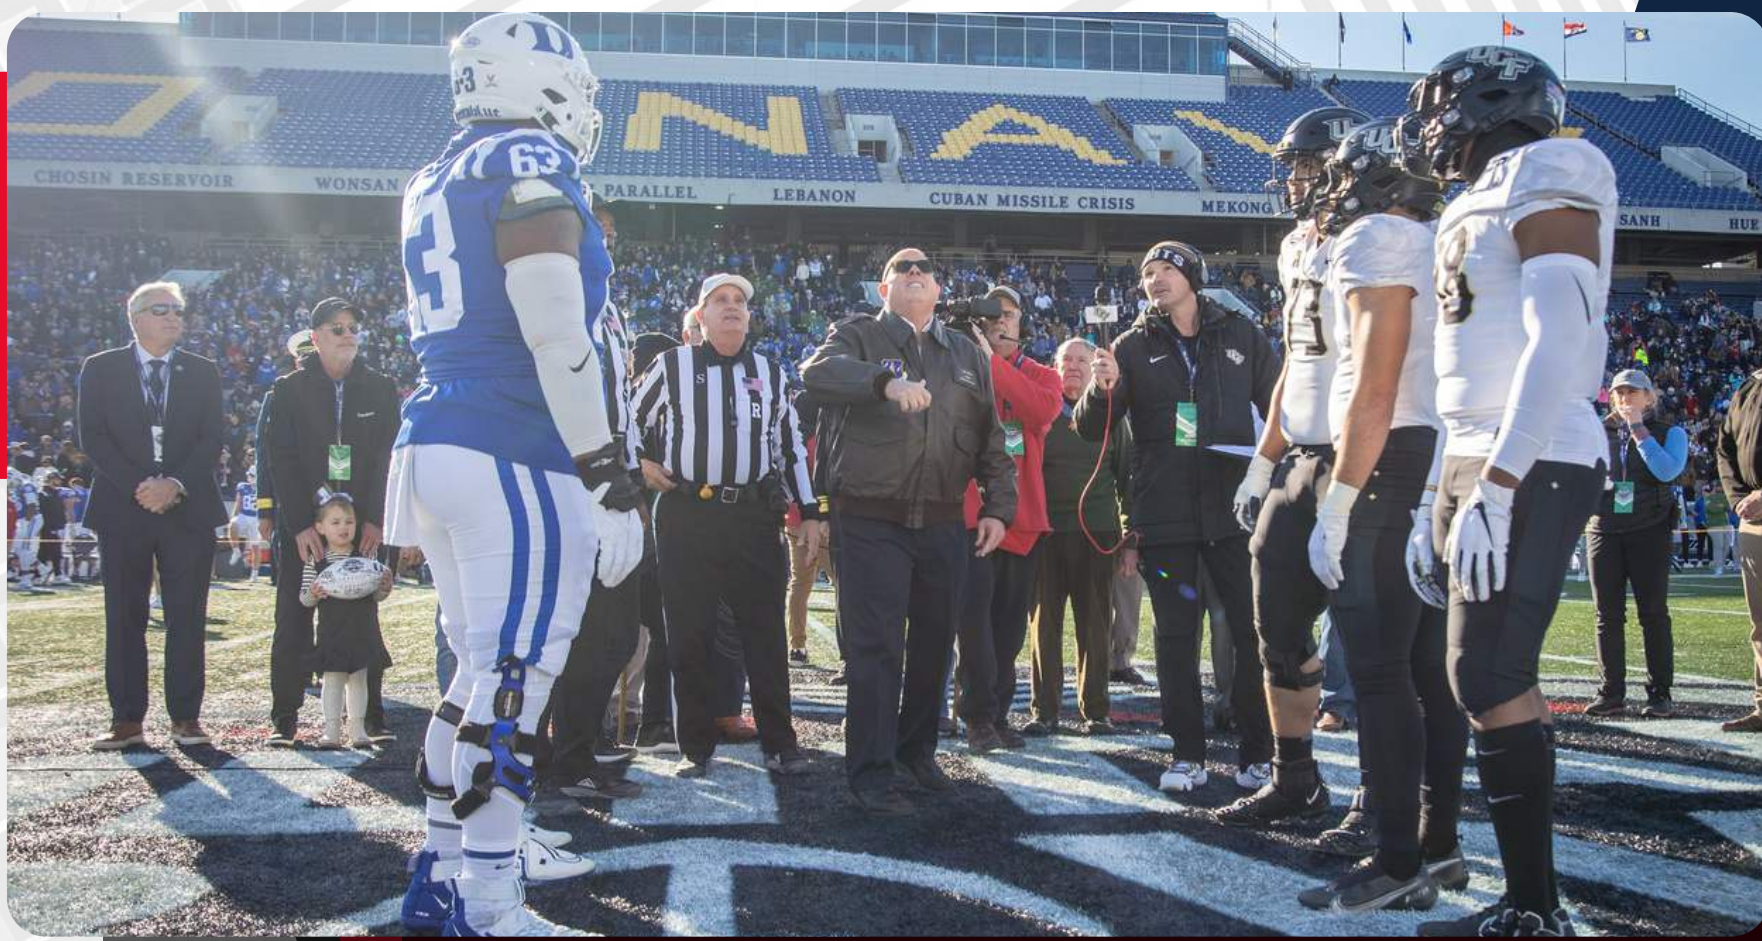

The Military Bowl engages community members and organizations in a variety of meaningful ways including hosting a youth football clinic in Washington, DC; inviting youth football teams and grassroots community organizations to participate in the Military Bowl Parade; and welcoming underprivileged youth to Patriot Point.
