

ONE ANNAPOLIS

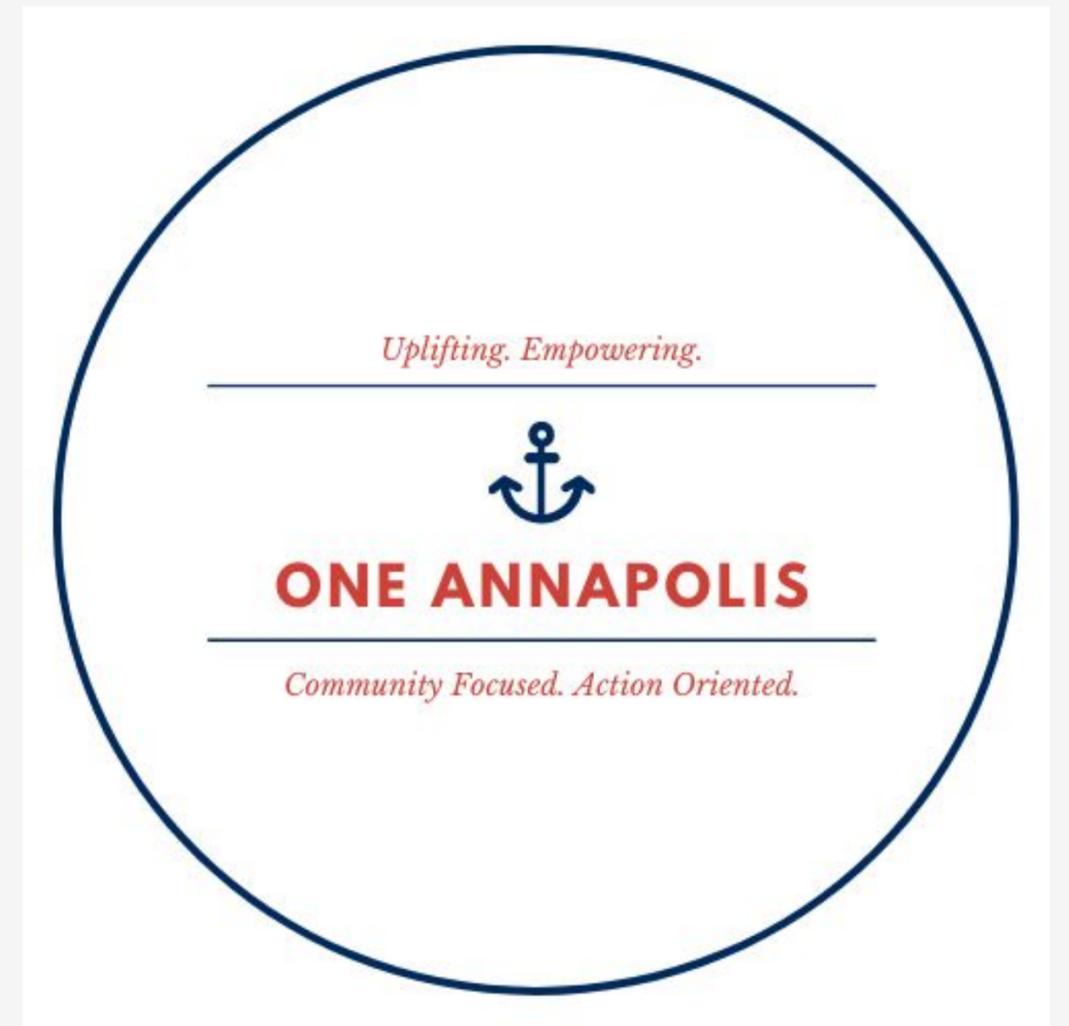

FY25 Adopt a Community

Grant Presentation

Bywater Standing Together

**Unity in Our
Community**

WHY?

Following the senseless violence in the Bywater community, residents and community came together and expressed a strong desire to have more community events. The Bywater Standing Together committee is leading this charge, and One Annapolis, Inc. is currently supporting this initiative by serving as the fiscal sponsor for community initiatives and events.

EMPOWERING

INSPIRING

The community initiative is led by residents of Bywater Mutual Homes, who have identified, through a community-wide needs assessment, desired resources and events. Using this valuable data, members of the committee are strategizing with other community leaders to organize community events.
