

## FISCAL IMPACT NOTE

---

**Ordinance:** O-16-24

**Title:** Special Residential Parking Districts- Permit Renewals

**Date:** August 14, 2024

---

This ordinance removes the option for those with Special Residential Parking District permits to prorate the permit period over a partial year and requires the permits to be in place for a full year. The City may see an increase in revenue from SP+ and Medco/AIR, however we cannot estimate the fiscal impact.
