**IMPORTANT INFORMATION ABOUT THESE MAPS**  
These draft maps show the proposed Critical Area boundary and land classifications for the City of Annapolis. The maps are draft maps that are currently being reviewed for completeness, accuracy, and consistency. These maps are not intended for official use at this time because they have not been formally approved by the governing bodies in the City or by the Critical Area Commission.

The aerial photography is from the 2014 Maryland Department of Information Technology contract with Axis Geospatial. The data used to create the Critical Area Boundary were produced at a scale of 1" = 100', or 1:1200.

- Disturbed Tidal Wetland
- Shoreline
- Wetland
- Annapolis Boundary
- Current Critical Area
- Federal Lands
- Intensely Developed Area
- Limited Development Area
- Resource Conservation Area

1 inch = 200 feet
