Favorable with amendments

Unfavorable

No Action

Comments:

The MAB recognized that this legislation is a personnel matter within the purview of the Administration and took no formal action. However, the MAB does endorse the Staff Report comment that the purpose in part is “to expand the efforts to provide a welcoming customer service experience for all water based visitors”. The Council should consider whether a similar provision should be added to the powers and duties enumerated in existing Section 2.12.060.B.
