Status of projects currently under Forest Conservation Act compliance review:

Katherine Properties, aka Crystal Spring, 111 acre mixed use development located southwest off of Forest Drive between Hilltop Lane and Spa Road, proposed to include residential, retail and a critical care facility. The majority of the property is forested with some isolated wetlands, intermittent stream and steep slopes. Revisions to most recent Forest Stand Delineation (FSD, March 5, 2013) received March 18, 2013 and determined to be complete and correct March 21, 2013.

The approval of the Forest Stand Delineation was appealed and was heard by the Building Board of Appeals. The BBOA granted the motion to dismiss the appeal Sept. 10, 2013 as it was determined to be premature.

The Preliminary Forest Conservation Plan was received May 28, 2013. Most recent revised FCP received 12/31/2014. **Most recent action: City response February 13, 2015.**

Trakit: FSD2012-008, FSD2013-002, FCP2013-001

Hayes Annexation Property, aka Annapolis Townes at Neal Farm, 7.65 acres, multi-family residential development located off of Old Solomon's Island Rd. The part of the site proposed for development is flat, treeless and recently farmed. The remainder of the property is forested with steep slopes. Proposal is 50 townhomes.

The FSD was determined to be complete and correct May 6, 2013. FCP considered complete and correct and was approved May 5, 2015. **Most recent action: Plans circulated for Site Design Review June 2, 2015.**
FSD2012-005, FCP2014-002

Thomas Woods, 1.44 acres, 10 townhome residential use located on the northeast side of Forest Drive near Forest Hills Avenue. The property is forested and immediately adjacent to an apartment complex. The FSD was determined to be complete and correct Dec. 27, 2012. Forest Conservation Plan determined to be complete and correct May 12, 2015. Developer has approval from AACO for Forest Drive Access permit. December 18, 2014 variance request from

developer, City's approval of 6 of 7 variances for tree removals, 12/29/2014.

Most recent action: Project is currently in site design review. Trakit: FSD2012-003, FCP2014-001

Primrose Hill, 4.35 acres residential use development southeast of Milkshake Lane. The property currently has an historic farmhouse and trees mostly at the perimeter. The Forest Stand Delineation was determined to be complete and correct March 19, 2013. The approval of the Forest Stand Delineation was appealed to the Building Board of Appeals July 23, 2013. The BBOA granted the motion to dismiss the appeal Sept. 24, 2013 as it was determined to be premature.

Preliminary Forest Conservation Plan was submitted July 5, 2013. The Forest Conservation Plan dated March 5, 2015 was approved March 26, 2015, including a variance request to remove some trees greater than 30 inches in diameter. Revised plan shows 19 townhomes and 7 single family dwellings, including the existing historic structure. The Forest Conservation Plan has been appealed and will be heard by the Building Board of Appeals July 28, 2015. **Most recent action:** Planning Commission approved the site development plan May 20, 2015. Trakit: FSD2012-007, FSD2013-001, FCP2013-002.

Aris Allen Blvd., Rocky Gorge. 31 townhome lots and 17 single family dwelling lots adjacent to Oxford Landing with an extension of Yawl Road for access. Steep slopes and ravine leading to the headwaters of the South River. Subdivision plat approved September 18, 2008 by the Planning Commission but permits never issued. Forest Stand Delineation received February 19, 2014. Revised FSD received June 13, 2014. FCP received June 13, 2015. FSD and FCP determined to be complete and correct June 23, 2014. Grading permit issued and work commenced and was determined to be "significant" prior to expiration of tolling legislation July 1, 2014 so the grading permit remains active. The FCP and the Variance granted for removal of certain trees were appealed. Appeal of the FCP 5/12/15 to the Building Board of Appeals dismissed.
