

## Kirby Capital Budget Amendment

### Amendment:

To fund the Proposed Improvements on Barbud Lane

### Rationale:

The residents of Barbud Lane have brought the problems to us on many occasions. They are gravely concerned that during rainy and snowy weather, a car will eventually slide into Forest Drive. While some work has been done, it does not meet the level of making the street safe. A prolonged delay will exacerbate the problem.

This project has been in the CIP for a number of years. It is time the residents of Ward 6 are given the attention that is greatly needed.
