### Tenant Displacement Fund

This summary was prepared by the City of Annapolis Office of Law for use by members of the Annapolis City Council during consideration of the legislation.

---

## **BILL SUMMARY**

### **O-11-24:**

- 1) creates a new fund in the Annapolis City Code to receive money to help tenants who are displaced from rental units that the City has condemned as unfit, and
- 2) establishes a Tenant Displacement program that's subject to funding.

The Tenant Displacement program is intended as a last resort if property owners cannot cover the relocation costs as required by state and city law.

Renters must meet the criteria established by the City to qualify for the money.

The fund is subject to City Council appropriations. The City may also accept money from other sources, such as contributions, donations, grants, and appropriations by federal, state, and private entities.

However, it's important to note that the fund will only have money if the City Council appropriates it or other funding sources provide money.
