This ordinance establishes a fee for dishonored checks and other written instruments, establishes a convenience fee related to accepting payment over the phone or online, and establishes a penalty for late payment of sewer service bills.

Based on the City's history, the proposed \$35 fee for dishonored checks would generate approximately \$5,000 in additional revenue for the City.

Based on the number of over the phone, credit and debit card transactions, the proposed convenience fee would generate approximately \$70,000 in additional revenue for the City.

Based on prior late payment history, the 10% sewer penalty for late payments would generate approximately \$90,000 in additional revenue for the City.
