City Council Citation

On behalf of the residents of the City of Annapolis, we are pleased to confer upon you this City Council Citation in recognition of your work in volunteering - and recruiting others - to save our trees. Your organization acts, educates and advocates. First, you act by hosting clearing events where you remove invasive species to help our native trees grow. We know you have spent hundreds of hours in Truxtun Park removing invasive English Ivy. We know that invasives tangle their way into tree trunks and deprive trees of nutrients which can decrease their stability, starve them of their ability to help insects and birds, and even kill the tree. You educate by helping people identify and remove invasives. You advocate by informing elected officials at all levels of government and helping them understand the threat invasives pose to our natural environment. Our world needs more people like you - people who get out and DO! Thank you for your hard work, your energy and your time. We - and the trees - appreciate you.
