Statement of interest – Why should you be appointed to this board/commission?

I have lived in Annapolis for for approximately 16 years now and the city has been very good to me. I find our city services to be better than most other cities I have lived in and sincerely enjoy the effort local advocacy groups have made towards cleaning up the Chesapeake Bay. We reside in a very admirable city with incredible landscaping and it ' s time for me to give back. Given my life experiences and unique perspectives and problem solving abilities, I believe I would be an asset to any particular board where I am needed most. One must invest in where they reside in order to prevail and thrive with the community because it does take a village! My first choice, Alcohol Beverage Control Board does not have a member representing Ward 7. I am a diverse female, old enough to know better and young enough to still enjoy a tasty libation within reason. Our city hosts lots of festivals that include wine, beer or alcohol for purchase and I feel it ' s most important to regulate and be most mindful of what we know are some of the hard core facts regarding alcohol consumption - albeit in public or in private. We have a responsibility to our community to do the right thing and grant the right permissions or denials deemed necessary for liquor licenses, festivals, etc. I want to help keep Annapolis safe and joyful for visitors and residents and I feel I can in fact contribute to doing just that.

Work experience (titles and duties)

As a 20+ year career television news veteran, based in Washington, DC, I most recently served as the Staff Development Manager & Diversity Initiatives -Producer for the CBS News Washington Bureau. I recruited from entry level journalism job seekers to mid-level producers, technicians, writers, editors, etc. - whom are specifically interested in working in Network Broadcast News Journalism: Radio and Television. I also worked to help diversify our newsrooms in Washington and across the country. I have a natural ability for taking on and mastering new projects and I have covered almost every major breaking news story in Washington, DC from as far back as my intern days (' 95)working for the CBS Evening News to Associate Producing for the bureau newsdesk (' 98) to eventually becoming a Special Events/White House producer (2005). The various roles I have played throughout the years (many of which have overlapped) have helped me to develop the necessary contacts in government and politics and has provided me with on-the-job training in developing solid skills such as: field producing, off-air reporting and writing, as well as learning all things New Media and acquiring the necessary logistical and technical understandings of traveling with VIPs. I have worked for five major news networks under a " Pooled " capacity reporting on three Presidential Administrations: Bill Clinton, George W. Bush & Barack Obama.

Educational background (certificates, diplomas, degrees, seminars, etc)

University of the District of Columbia, Bachelor in Mass Communications w/a concentration in TV Production. 1995

Other experience (volunteer experience, memberships etc)

I am a member of multiple journalism organizations including Women in Film and Television as well as the Alliance for Women in Media.
