Statement of interest – Why should you be appointed to this board/commission?

I am very interested in improving transportation options in Annapolis. Everywhere I have lived, I have extensively used public transit and biking to get around. For the 2 years I lived in San Francisco and the 2 years I lived in Philadelphia, I was car free and got around using MUNI, BART, SEPTA and my bike. When I was at Towson I came back on the weekends via the bus and light rail back to Severna Park. I'm really interested in improving Annapolis's bus system and finding ways to connect it with a better ferry and biking network. I think I can bring a unique perspective to the board because I primarily use biking as my mode of transportation, and I do it with my young family. I have a 1-year old and a 4-year-old, and we frequently bike together for errands and even taking my older one to soccer practice.

I also have what some people have called an obsession with trains, in particular the multiple trains that use to run to Annapolis. I probably have the largest collection of pictures of the different railroads that once served Annapolis (www.annapolisrailroadhistory.com, this is my website for hosting these photos). I would love to see a train running again to Annapolis, we just need to find a couple billion dollars for the project.
