Statement of interest – Why should you be appointed to this board/commission?

I bring experience as a parent, educator, small business owner, and former teen programs coordinator for the Anne Arundel County Recreation and Parks Department. As a parent, I am passionate about giving every child the same opportunities to take part in organized sports and recreation. My involvement at Eastport Elementary School has been focused on adding organized after school recreation programs and the overwhelming interest by both parents and students has led me to want to get more involved in creating similar opportunities. As a former Recreation professional with Anne Arundel county I bring experience in programming and creative budget management. My business, Pirate Adventures on the Chesapeake has been a field trip vendor for 20 years in the city of Annapolis. During this time I have built long term relationships with recreation professionals throughout the state and the city of Baltimore.

My time spent in both a public and private capacity will bring a unique perspective to the Recreation Advisory Board and I believe this is a valuable opportunity to contribute as a citizen.
