

FISCAL IMPACT NOTE

Legislation No: O-16-16

First Reader Date: 3-21-16

Note Date: 4-5-16

Legislation Title: Title 12 Updates and Amendments

Description: For the purpose of updating and amending Chapters 12.04, 12.20, 12.24, 12.28 and 12.32 of the Annapolis City Code to permit an authorized agent of the City to exercise limited authority related to parking enforcement, residential parking permits, towing and other parking matters; to permit the use of modern technology related to parking meters, parking permits and other parking matters; and matters generally relating to Chapters 12.04, 12.20, 12.24, 12.28 and 12.32.

Analysis of Fiscal Impact: In February 2016 the City entered into a Management Agreement with Central Parking System of Maryland, Inc. (also known as SP+) to manage certain parking matters within City limits, which include parking meters, garages, parking lots, residential permits, parking enforcement (including towing), installation of new equipment/technologies, and various studies related to parking matters. This legislation would allow SP+ to perform its obligations per the Management Agreement, as the current legislation precludes anyone other than the City from doing so. There is no fiscal impact associated with this legislation.
