

FISCAL IMPACT NOTE ON PROPOSED LEGISLATION

Ordinance: O-30-19

Title: Sidewalk Signs

Date: September 6, 2019

This ordinance provides additional authority to the Director of Planning and Zoning and delays the effective date of the sidewalk sign permit fee from June 30, 2019 to December 31, 2019. This will likely decrease the permit revenue the City will collect in the current fiscal year; however, we cannot quantify the impact because we cannot estimate the amount of revenue the new fee will generate. We did not assume any revenue from this source in the fiscal year 2020 budget.
