2023 Budget Accomplishments

1. While our crime statistics are not yet finalized for the time period covered by the current budget, preliminary numbers show that there was an overall estimated reduction of 12% in violent crimes from 2021 to 2022 and our numbers for 2023 are trending lower than those of the same period last year. Property crimes saw a 29% reduction in burglaries between 2021 and 2022, but thefts and motor vehicle thefts increased, a trend we have seen regionally as well. In all we are estimating a 3% increase in total crime between 2021 and 2022.

OVERTIME
INCREASE

2. APD cleared 50% of the homicides committed during the budget cycle utilizing technology and other methods the department budgeted, to solve violent crime incidents. APD also saw 57% clearance rates for shootings, which leads most agency clearance statistics rates in the region. We also rely on IT continuing to quickly update and install the City CCTV cameras.

Accomplishments Continued

3. The APD Positive Impact Program, our no-entry/reentry program, helped several groups of at-risk Annapolis community members attend and complete job training programs with our partners, NCIA and the University of Maryland. Not only did these at-risk members find jobs, but they also built stronger ties with APD. The program also helped people enroll in a partner drug treatment program, assisted in relocating crime victims and witnesses and co-hosted job resource events.
4. APD sought and was awarded 1.6 million dollars of state and federal grant funding to assist with crime and community initiatives, improve technology, and to purchase or improve equipment. The grant awards continue to be pivotal in engaging the community and gaining assistance in creating a safe environment for Annapolis residents.
5. APD strengthened its collaboration with state and federal law enforcement agencies through new MOU's. APD partnerships with federal and state agencies have yielded significant benefits in minimizing sales of illegal narcotics in Annapolis, by seizing large quantities of drugs and monies, during the budgeted cycle.

Accomplishments Continued

6. **APD is in full compliance with Maryland Police Accountability Act of 2021**

7. **APD hired 18 officers and 11 civilian employees during this budget cycle. APD continues to maximize limited resources to recruit new employees. We also leveraged grant funding to hire civilians for positions needed due to the Maryland Police Accountability Act of 2021.**
