

## STAFF REPORT ON PROPOSED LEGISLATION

---

To: Mayor Gavin Buckley

From: Michael Mallinoff, City Manager

Date: September 6, 2023

Subject: R-52-23: Director of Public Works – Burr Vogel

---

### **Purpose of legislation**

The purpose of this legislation is to expressly confirm the appointment of Burr Vogel as the Director of Public Works for the City of Annapolis; and consent to compensate the Director.

### **Impact of legislation on operations**

The City looks forward to Mr. Vogel moving from his current role as the acting Director of Public Works into the permanent Director role. This change will allow the Department to retain Mr. Vogel's experience on the City's many important and complex initiatives. It will also facilitate long-range planning, setting overall policies in the Department, navigating alignment between operations and City priorities, and problem solving.

### **Impact of legislation on staffing**

This legislation fills an important gap in current staffing, which will allow the Department of Public Works to move forward on other staffing fronts.

*Prepared by Victoria Buckland, Assistant City Manager*
