

STAFF REPORT ON PROPOSED LEGISLATION

To: Mayor Gavin Buckley

From: Dr. Sally Nash and John Menassa,
Department of Planning and Zoning

Date: February 26, 2020

Subject: O-17-20: Unsafe Structures - Placarding

The ordinance modifies the sections of City Code that pertain to placarding structures. When structures have been damaged by fire, storm or other structural events the City Code designates the Department of Planning and Zoning as the agency that posts an unfit or unsafe placard. This change will give the Fire Chief the authority to designate certain staff to post unfit and unsafe placards.
