

FISCAL IMPACT NOTE

Ordinance: O-6-25

Title: Clearing Snow and Ice from City Sidewalks

Date: May 1, 2025

This ordinance clarifies that the City is allowed to clear snow and ice from sidewalks in the City at the expense of the adjacent property owner if the owner fails to do so. However, the Director of Public Works is authorized to adjust charges for a residential property owner who is unable to comply and states a compelling case to the Director. Due to the uncertainty regarding the frequency of potential adjustments, we are unable to provide an estimate of the fiscal impact at this time.
