Statement of interest – Why should you be appointed to this board/commission?

I am interested in serving on the Annapolis Conservancy Board because it aligns with my interests, experience, and vision for the City. I was born and raised in Annapolis, and although I am only 31 years old, I have observed many changes to land use. I would like to use my experience as a lifelong resident to seek additional properties to dedicate in conservation to the City.

Using my work experience in environmental restoration, I would bring valuable insight and knowledge on how to administer and manage conservation areas and easements, and have extensive experience in engaging with landowners and owner representatives to encourage preservation of environmentally sensitive land.

In the same breath, I would leverage my background in environmental science to further implement water quality improvement goals and support progress tracking towards implementation goals.

Considering that I frequently recreate at Truxtun Park, Ellen Moyer Park, and enjoy the City's recreation resources, I would continue to advocate for responsible development of recreation assets within the City.

Are you a resident of the City of Annapolis? Yes No
Are you an employee of the City of Annapolis? Yes No
If yes, please state your job title, department & duties.

Do you do business with the City of Annapolis? Yes No
If yes, please detail.

I work with a company that is currently a contractor for the City. The City contracted with GreenVest, LLC to provide stormwater management services and MS4 (stormwater permit) compliance support. In this role, I have supported the City in meeting their permit obligations and identified stormwater restoration projects for the City to achieve compliance under their MS4 permit.

Are you currently serving on any city boards or commissions? Yes No
If yes, please list board(s).
