

FISCAL IMPACT NOTE

Ordinance: O-5-24 & R-14-24

Title: City of Annapolis Plastic Bag Reduction Act

Date: April 25, 2024

This ordinance prohibits the retail distribution of plastic bags in the City with some exceptions. It provides for the enforcement of the prohibition on plastic bags and requires a public notice. The resolution sets the fine for noncompliance. The Deputy City Manager is responsible for enforcement. The cost related to enforcement cannot be determined. This may increase fine revenue; however, we cannot estimate how many businesses will not comply and therefore, cannot determine the fiscal impact.
