City Council Citation

On behalf of the City Council and the residents of Annapolis, we extend our heartfelt gratitude to Annapolis Green for 18 years of unwavering commitment to environmental stewardship and sustainability. Through impactful initiatives like Green Drinks Annapolis, which brought together eco-conscious individuals from the Greater Annapolis environmental and business communities to collaborate and learn. Kick Gas Annapolis EV Shows educated drivers about the benefits of electric vehicles. Your organization has also spearheaded influential campaigns, including Don't Suck, #Sip Responsibly, which engaged local restaurants in reducing plastic straw usage, and Plastic Free Annapolis, a partnership with the City to help residents and businesses transition to reusable and compostable alternatives to single-use plastics. The installation of NAPDOWN TAP portable water refill stations has successfully eliminated tens of thousands of single-use plastic bottles annually. Your sustainable initiatives have set remarkable records, including composting over 15 tons of waste at the Annapolis Rotary Crab Feast. We are deeply grateful for all that Annapolis Green has accomplished over the past 18 years, leaving a legacy of environmental progress and positive change.
