## FY 2015 Budget Amendment Request - 06/10/14 <br> Alderman Littmann 2- Watershed Management Plan

This form is for City Council use in requesting an amendment to legislation on the FY 2015 budget and related legislation. Use of this form is designed to help facilitate the City Council's adoption of a balanced budget in June and to ensure that City staff can analyze all budget amendment requests for their appropriate impact on the budget and/or legal sufficiency. The form is not intended to prevent City Council members from offering amendments from the floor during the City Council's discussion of the budget in June; rather, the goal is to assist in the City Council's orderly consideration of amendments.

Check legislation to amend: Please use a separate form for each item of legislation amended.

Objectives of the amendment(s): Recognizing that this is an important study and would direct future spending of storm water fees I am proposing to spread this spending over two years to free up more funding for storm water projects.

From the $\$ 125,000$ decrease in the spending on the Study I would like to a lot $\$ 50,000$ for a storm water rate study.
