Re: Recommendation for O-19-16 Traffic Impact Analyses

Dear Mr. Mayor and Members of the Council:

The Transportation Board met on July 27, 2016 to discuss O-19-16 "Traffic Impact Analyses".

***The Board supports O-19-16.***

**Rationale:**

The table describing the size of various developments to produce 250 v. 400 average daily trips provided by the Office of Planning and Zoning was informative and the Board finds that these lower limits will provide the city with an adequate development size threshold for traffic studies for while allowing for smaller developments to occur without the added cost of a traffic study.
