

**R-24-16**

**ANNEXATION RESOLUTIONS IMPLEMENTATION STATUS**

Office of Law Status Report and Recommendation  
9/1/17

The Rocky Gorge planned development (Bowen and Arundel Land and Development and Brown annexations) approval is vested in the developer by law. There has been no activity whatsoever involving the other annexation parcels which are the subject of this Resolution. Therefore, the Law Office continues to recommend to the City Council that there is no action that the City Council needs to take regarding the pending Resolution. The Law Office recommends that the City Council again postpone consideration of the Resolution. The law office will notify the Mayor and City Council if the Law Office or the Planning and Zoning Department believes there is any reason to have the Resolution placed on the agenda in the future.

Prepared by Gary M. Elson, Asst. City Attorney, Office of Law.
