Statement of interest – Why should you be appointed to this board/commission?

I am well suited for this position and quite motivated to serve. In addition to being a long time Annapolis sailor, I frequently kayak, windsurf and motor around Annapolis waters. I am also familiar with the harbor lines, the rules related to lateral lines and various code sections pertaining the Port Wardens' authority. I would enjoy serving the city as a volunteer, and would be a well rounded and interested Port Warden with the time to serve. Additional modifications to existing marina development require careful consideration. I would like to participate in the approval part of marina modifications and I would fairly review all matters that come before this important body.
