**Date:** April 20, 2019

### STAFF REPORT

This resolution adopts the fines schedule for FY2020. The fines in the schedule attached to the resolution are those in effect for fiscal year 2019. Each department has reviewed the fines schedule to determine whether the fines are established at the appropriate level and to ensure City Code sections cited are accurate. As a result of that review, the Mayor will be proposing several amendments to the fines schedule.

### FISCAL IMPACT

The amended fines will not generate any material revenue except in the Parking Fund. As a result of the increased parking fines the Mayor will propose by amendment, the Parking Fund expects to generate an additional \$475,000 of revenue in FY2020.
