- ▶ One information session (Form-Based Codes)
- ▶ One Nitty-Gritty Committee
- ▶ One meeting with each Department head to discuss cost of services

Section 1 of 7

Ranking of Policies Not Implemented From 2009 Comprehensive Plan

For each sub-policy, assign a rank according to its importance in your opinion, on a scale from 0 to 5, with 0 being not at all important and 5 being most important (by important we mean that we should continue to work on implementing this policy in the next Comprehensive Plan).

The policy that governs each set of sub-policies is provided in description. Any policy with a star by it is one that is partially implemented and partially not, so certain sub-policies will be notably absent from this list.

After section 1 Continue to next section
