

## FISCAL IMPACT NOTE

---

**Ordinance:** O-13-21

**Title:** Urban Renewal Projects – Repeal

**Date:** May 21, 2021

---

This ordinance repeals the Annapolis City Code provisions relating to urban renewal projects. It has no fiscal impact. The Office of Law has opined that repealing these City Code provisions, and providing for the state and federal definitions of slum and blighted properties in the replacement code, will protect any federal grants that require certain language in our City Code in order to receive those grants.
